Cartographic Grounds: Projecting the Landscape Imaginary ... Cartographic Grounds reconciles the precision and instrumentality of the plan with the geographic and territorial implications of the map. In light of the ascendancy of “mapping” and data visualization in design culture, and the privileging of abstract forces and flows, the exhibition reimagines the projective potential of cartographic practices that afford greater proximity to the manifestation and

manipulation of the ground itself. Cartographic Grounds: Projecting the Landscape Imaginary ...
