European Identity Its Feasibility
And The first part weighs in on the
feasibility of a European identity in
light of what the two main
paradigms in the field,
primordialism and constructivism,
can predict. The second part maps
the social forces that are either
favorable or inimical to the creation
of a common social identity on the
continent. European Identity: Its

Feasibility And Desirability

social experiment but its survival is uncertain unless the peoples of the member states European Identity Its Feasibility And Desirability From the standpoint of the majority of European citizens, the European Union is, above all, either a conglomerate of nations that have come together and created a Single Market and a single currency, or an ensemble of states who share the same technological and economical ambitions, rather than an entity formed on the basis of shared values and of a common European identity. Europe and Europeans - questions of identity - One Europe Adopting a sociological perspective European identity can be define as a form of collective identity that, as Fligstein (2012) puts it, "refers to the idea that a

group of people accept a fundamental and consequential similarity that causes them to feel solidarity amongst themselves". The meaning of "European identity" today (I) - Classe ...
