Today I had DBMail go south on me on a QA box and it took the better part of the day to get it back. This is a box that I've never touched before so I didn't do anything wrong, but someone did. This promises to be kind of a long post but hopefully it'll be very complete. And if there's anything I forget then let me know and I'll add it. I'll attempt to take you through my process more or less ...
